

Council Cancels Special Meeting, Personal Property Tax Still On

By I. J. Parker

The special council meeting scheduled for last Monday was cancelled over the weekend. The next regular meeting will be held on Monday, August 14 in the city administration offices.

The special meeting was originally called when it was learned that Councilman Francis J. Lastner would not be able to attend the regular meeting. Later, changed plans permitted Lastner's attendance at the regular meeting and prevented his presence at the special meeting. The change came a few days after an announcement and editorial inviting residents to attend council meetings appeared in last week's *Cooperator*.

Not On Agenda

The personal property tax is still the prime matter of importance before the council, although the subject does not represent "unfinished business" according to members of council. It was learned this week by *The Cooperator* that certain members of council resent information published in the Greenbelt Consumer Services letter to members which assured them that the council will consider once again the personal property tax. The letter urged repeal of the tax and appealed to the GCS membership to attend the council meeting. The posted agenda of the special council meeting did not mention the personal property tax.

Veto Compromise

At the last council meeting Mayor Elizabeth Harrington moved that the council reduce the personal property tax to \$1 per \$100 valuation from the \$2.966 now in force. The motion was defeated by a vote of 3-2. Chief supporter of the tax reduction is councilman Lastner, who introduced a comparison of Greenbelt's tax structure and city services to those of three nearby communities. Lastner is a former president of the GCS board of directors. He resigned that position to devote full time to council duties.

GCS appealed to the council to repeal the tax in order to facilitate the opening of a bowling alley in the basement of the GCS supermarket. Louis G. Andrews, who expressed an interest in undertaking such an enterprise, also appealed directly to the council in a letter for repeal of the tax. Both requests were rejected when the council voted down the Mayor's "compromise" proposal.

GCS Waives Rent

The latest development in the bowling alley-personal property tax controversy is the announcement last week by GCS of a lease agreement tendered Andrews which would forego any rent for the first year, although "GCS would realize 10% gross in excess of \$3000." The lease was GCS's indication of a desire to make the path easy for the operation of a bowling alley in Greenbelt.

The council will probably consider the GCS lease as an important item if the personal property tax is debated again at council. The narrow margin of defeat (3-2) is considered by GCS supporters as an encouraging feature. Councilman Thomas Canning stated that he would favor reducing the tax if he could be convinced the city will not need all its revenue for anticipated expenses. Councilman James Wolfe expressed intense interest in the problem of collecting GCS' trash, particularly the expense it represented to the town. He indicated that he would favor reducing the tax if some proper solution to the trash collection problem were presented.

Although the personal property tax was not on the agenda early this week, the tax will very probably be considered at the next council meeting on Monday.

St. Hugh's Carnival Starts Next Monday

Final plans are being made for the first carnival to be sponsored by St. Hugh's parish committee. It will be held at the Center from Monday, August 14 through Saturday, August 19. There will be carnival attractions and refreshments, and on Saturday afternoon all children may enjoy the carnival rides at half-price.

Hours of the carnival are from 7 to 11 p.m., Monday through Friday, and Saturday afternoon as well as evening.

Purpose of the carnival is to raise funds to cover the cost of tiling the floors of St. Hugh's school building. All Greenbelters are cordially invited.

Auxiliary Aids Rescue Squad

The Greenbelt American Legion Auxiliary, at its installation of officers held last Wednesday, August 2, at the Post home, presented a check for \$156.11 to the Greenbelt Rescue Squad.

In accepting the gift for the Squad, Marshall Zoellner complimented the Auxiliary for its continuous support and assistance to this community service and said that the contribution would be applied toward purchase of a resuscitator. The Rescue Squad has urgently needed such equipment but the purchase of the new ambulance has left them without sufficient funds.

New officers of the auxiliary are Mildred Comploier, president; Helen Dudley, vice-president; Lydalu Palmer, second vice-president; Anne Sommers, treasurer; B. Lee McDonald, secretary; Beatrice Jernberg, correspondent; Elizabeth Day, chaplain; Roberta Torbert, historian; Virginia Gray, sergeant-at-arms; Patricia Hoffbrook and Dorothy Kaighn, color bearers.

Greenbelt Schools Set Opening Date

Vacation days for the children of Greenbelt will end with the opening of school on Monday, September 11 at 9 a.m.

Mrs. Elizabeth Fugitt, principal of the Center school, advises that all former pupils will report to the classrooms occupied by them last year. She also advises that all new students will register on Friday, September 1 between 9 and 4 in the homemaking room of the Center school. Children should be accompanied by either parent and should bring a birth certificate and any other health certificates. New kindergarten pupils, who have not as yet registered, should also report on September 1. Kindergarten children will receive a card advising them when to report.

Mrs. Fugitt also wishes to remind parents that the cafeteria will not be open on September 11 and that arrangements should be made for the children either to bring their lunches or return home for lunch. Parents will be notified when the cafeteria will open.

League Member Runs For House Of Delegates

Mrs. Reuben Bogdanoff, president of the League of Women Voters of Prince Georges County, today announced that Mrs. Harold Benjamin of College Heights Estates, first vice-president of the County chapter of the League, has resigned her office in order to run for the Maryland House of Delegates.

Housing Freeze Exempts Greenbelt; GVHC Waits Preferred Buyer Status

With an official announcement expected in the next day or two exempting the "green towns," and other projects designed for eventual mutual ownership, from the government's freeze on housing disposal, the board of directors of the Greenbelt Veteran Housing Corporation met last night with their attorney, David Krooth. Mike Salzman, chairman of the board, told the *Cooperator* that since the sale of Greenbelt is apparently going through as planned, the board

will proceed on that assumption and continue its work of collecting operating figures, costs, and other information to present to the membership.

Metropolitan newspapers carried a statement Monday morning from PHA spokesmen that the sale might be called off since the government, as an emergency measure, might withhold from disposal all federally-operated housing projects, so that it might retain control over tenant admissions and restrict occupancy to a class such as defense plant workers in an area where housing was too scarce to provide needed accommodations.

That same day, Monday, was the deadline for submission of bids for the purchase of Greenbelt. At the close of business on Monday, no other bids had been submitted. When GVHC submitted its bid some time ago, PHA replied that it had qualified as a preferred purchaser under the provisions of the law, and that it would be the designated preferred purchaser if no other bids were received.

A membership meeting will be held after GVHC receives its designation as preferred purchaser of the project. In order to proceed with gathering information on operation of the project, and the problems to be encountered when the resident group takes over, the board hopes to meet next week with a representative of the firm of Mayer and Whittlesey of New York City, who will consult with the board in reviewing the appraisal of the project. The scheduled meeting which was to have taken place tonight was postponed because of the uncertainty created by the freeze announcement.

Burch Asks Democrats To Support Ober Law

The Greenbelt Democratic Club was host last night to a group of county notables, when T. Raymond Burch, Prince Georges County delegate to the Maryland assembly, spoke on the Ober law and the coming referendum. James Mundy, president of the local group, introduced Mr. Burch, Mr. McNamee, and Delegate George McLeish.

Mr. Burch reviewed the history of the bill from the 1948 Assembly resolution requesting the governor to appoint a commission to prepare anti-subversive legislation. Burch was a member of the governor's commission, which was headed by Frank B. Ober, who gave the bill its popular name. The subversive Act of 1949, as it will be named on the voting machines in the referendum for its repeal, was a "composite of the best in existing anti-subversive laws, both state and federal," according to the speaker. After the 1949 assembly passed the bill it was thrown out by Judge Sherbow in a lower court and upheld on appeal in the Maryland Court of Appeals. To get a referendum on a state law passed by both houses of the legislature and signed by the governor, 10,000 names have to be signed to a referendum petition. More than the required number were gathered, and the bill will be decided on by the voters in the fall elections. Burch asked the Greenbelt group to support the bill and to get out the local vote to keep it in force.

Bloodmobile Visits Greenbelt Next Week

The bloodmobile of the American Red Cross, Prince Georges County, will be in Greenbelt at the Center school on Thursday, August 17, from 2 to 7 p.m.

Anyone who is able to give blood should call Guy Moore, recruitment chairman, 2691, for an appointment or appear at the Center school at the indicated time. Persons interested in donating blood for a particular patient who has been hospitalized in the County hospital, or in the Washington hospitals, may do so by giving the name of the person for whom the blood is being replaced. Half pint donations, which are used in the treatment of children, are welcomed.

Last March when the bloodmobile visited Greenbelt, 44 pints were donated. The city's quota for this time is 100 pints. Let's all do our share to reach it.

League of Women Voters Urge Registration Aug. 15

Mrs. Reuben Bogdanoff, president of the League of Women Voters of Prince Georges County, has issued the following statement: "The League of Women Voters of Prince Georges County calls upon all citizens to make their voices heard in their government in view of world conditions. Every man and woman eligible to vote should exercise his franchise."

The second of four special county-wide registration days will be held August 15. The county's 47 polling places will be open on that day from 9 a.m. to 9 p.m. to register new voters. The primaries this year will be held on September 18, so that the August 15 registration date is the last time to register so that you may vote in the party primary. Greenbelt's polling place is in the firehouse at the center.

New registrants, to be eligible to vote in November, must be residents of Maryland for a year and of the County six months before November 7, 1950, the date of the general election. A tax bill, utility bill rental receipt or automobile license may be used as certification of residence.

Residents of Prince Georges County, who have not voted for five years in succession, are required to register again in order to vote. Those who have changed their addresses may apply for a "removal certificate" to the Board of Supervisors of Elections at the Court House, Upper Marlboro, or to their former polling place on registration day.

Mrs. Brendan O'Dwyer, chairman of the Voters Service Bureau of the League of Women Voters in this county, will gladly answer any questions relating to registration. Her telephone number is UNion 1716.

FRIDAY LAST DAY

Friday, August 11, will be the last day for young Greenbelt readers to turn in their book reviews for the Indian Club. The feather head bands and booklets will be ready for the youngsters on Monday at the center library.

REGISTER AUG. 15

Registration for voting will be held in the Greenbelt firehouse from 7 a.m. to 7 p.m. on Tuesday, August 15. To be eligible to register, a citizen must have lived in the state one year and in the county six months by November 4. A citizen must register a party affiliation to vote in the party primaries.

Police Blotter

Lt. Buddy Attick of the Greenbelt Police department announced that the week of August 7-12 will be bicycle registration week. Bicycle registration began August 1. Up to August 8, 116 bicycles had been registered.

All two-wheeled bicycles, owned by Greenbelt residents, are required to be registered in accordance with a recent city ordinance. If you have a bicycle, which has not yet been registered, take it down to the Greenbelt police station for registration between the hours of 8 to 12:30 and 1 to 4:30 daily, Monday to Friday.

Fee for registration is 25 cents. The fee pays for the registration tag and bicycle inspection. The registration tag is permanent and new fees are not charged yearly. The tag is to be attached to the bicycle. The owner of any bicycles without such a tag will have to explain it to the police after August 12.

All those persons who are away on vacation during this period of registration and those who for one reason or another do not register this week will be permitted to register after August 12. Do not delay this task too long, however, because it is protection for you, as a bicycle owner.

All persons who have at any previous time registered their bicycles in Greenbelt please bring their former registration cards with them.

For the protection of children, remember: **Don't ride or park your bicycle on the sidewalk.**

City Gov't Changes Garbage Collections

Notices will be posted by the city government on the inside door of the trash closet of every resident containing a list of instructions and changes in existing garbage and trash regulations.

Permission to post these notices has been granted by the local PHA office. Letters pertaining to these notices are in the process of being mailed to every tenant by PHA, urging the full cooperation of all residents in the proper execution of trash collections.

According to the city manager, no more roadside collections of grass and garden rubbish will be made. Collections will only be made at the houses. Mr. McDonald advises that tenants must put rubbish and garbage in bags when disposing of them, in order that speedier and better trash collections may be made.

GREENBELT COOPERATOR

AN INDEPENDENT NEWSPAPER

OUR PURPOSE:

1. To report Greenbelt news fully, fairly and accurately.
2. To serve the best interests of the cooperative movement.

No. 51

Rare Opportunity

To those citizens who accepted our invitation to attend last weeks cancelled special council meeting, our sincerest apologies and regrets. The meeting promised to be a particularly interesting session. We hoped that residents would be able to see first-hand the consideration of important issues. But the meeting was cancelled.

Although the council has never been frivolous in regard to calling and cancelling meetings we deeply regret the necessity to forego the latest session after considerable publicity had been extended to it.

However, a regular council meeting is scheduled for Monday. It promises to be just as exciting as the special meeting would have been. Perhaps more. The sale of Greenbelt, the personal property tax, trash collection, and other matters will probably be considered. They are matters that deeply concern each of us. They are just as important as they were last week. We urge you again, to attend your council meeting. Monday. Eight sharp. In the city administration offices, right next to the bank.

One Point Of View

"We cannot get rid of Communism just by passing a law. I am determined that the United States shall be secure. I am equally determined that we shall keep our historic liberties. . . . Some of the proposed measures would, in effect, impose severe penalties for normal political activities on the part of certain groups, including Communists and Communist party line followers. This kind of legislation is unnecessary, ineffective, and dangerous.

"A vigilant people, who exercise their democratic rights to keep their government active in the interests of all, can defeat the efforts of Communists to attain electoral power.

"Nevertheless, there are some people who wish us to enact laws which would seriously damage the right of free speech and which could be used not only against subversive groups but against other groups engaged in political or other activities which were not generally popular. Such measures . . . would undermine the very internal security they seek to protect.

"Laws forbidding dissent do not prevent subversive activities; they merely drive them into more secret and more dangerous channels. Police states are not secure . . . Once a government is committed to the principle of silencing the voice of opposition, it has only one way to go, and that is down the path of increasingly repressive measures, until it becomes a source of terror to all its citizens and creates a country where everyone lives in fear.

"We must, therefore, be on our guard against extremists who urge us to adopt police state measures. . . . They forget that if the Bill of Rights were to be broken down, all groups, even the most conservative, would be in danger from the arbitrary power of government.

"In attempting to proscribe, for such as the Communists, certain activities that are perfectly proper for everyone else, such legislation would spread a legal dragnet sufficiently broad to permit the prosecution of people who are entirely innocent or merely misguided. . . . Furthermore, if such legislation were held unconstitutional, as it well might be, it would make martyrs out of our worst enemies and create public sympathy for them.

"We must not be swept away by a wave of hysteria."

—Harry S. Truman, in message to Congress, August 8, 1950.

Women Voters Issue New Facts On County

The League of Women Voters of Prince Georges County has just issued a supplement to the widely-known little green booklet, "Know Your County." It contains all the up-to-date facts about Prince Georges County, and was issued jointly by the County League and

the College Park branch of the American Association of University Women.

The new supplement includes the latest laws, regulations and ordinances as set up by the Sothoron Bill, and tells what the new county governmental departments are. The new supplement costs fifteen cents and may be obtained from any member of the League of Women Voters.

Personal Touch

Doris Asbell Mednick, 3518

If you want to witness the hardiness of the Eskimos, the stamina of the Indians, the bravery of our pioneer forebears . . . just visit the swimming pool every night between 9 and 10 while 28 stout souls endure the rigors of the night air in sopping-wet bathing suits. Half of them are learning to swim, the other half are trying to improve their swimming. The beginners can't even complain about their teacher standing on shore and shouting orders . . . he's in that pool right along with his students. Whether they learn to swim or improve their strokes, they deserve a medal for sheer pluck. Just try it sometime . . . you'll see what I mean.

Two Greenbelt couples will tie the nuptial knot Saturday, August 12, involving "first families." George Neumann, son of Mr. and Mrs. Ralph N. Neumann, 71-H Ridge, will wed Joan Reid of Road River, Oregon at the Community Church with Rev. Braund officiating. Joan lived in Greenbelt three years ago for a period of six years. They will make their home in Greenbelt while George takes his degree in electrical engineering at the University of Maryland. The other couple are Robert Hall, son of Mr. and Mrs. Herbert Hall, Jr., 28-B Ridge, and Carole Holien, daughter of Mrs. Esther Holien of 2-F Plateau Place. They will be married in Mt. Rainier, and will live in Greenbelt.

Mrs. June Nihart, 14-W Laurel Hill, gave a party Tuesday night in honor of her sister, brother-in-law, and niece, Mr. and Mrs. Victor Eicher and Beth Eicher, who are visiting her from Puerto Rico prior to their moving to Venezuela.

John J. Shaughness (manager of the Variety Store) is the proud 'poppa' of an 8 lb. 8 oz. bouncing boy named Patrick Hugh, born August 1.

The John Murrays, 6-N Hillside, are proud to announce the delivery of a car of their own, a Dodge. Carpool riders, please note!

The Farm Bureau Insurance Co. will hold open house between 2 and 5 p.m. on Friday, August 11 at 5109 Baltimore Ave., Hyattsville upon the opening of their new office.

Mrs. Frank Bartholf, 14-Q Laurel Hill, was hostess to a "pink and blue" surprise party in honor of Mrs. Paul Strickler on August 3. Mrs. Paul Rousseau was co-hostess. These three ladies are part of an 8-member social group who meet twice a month, have been doing so for quite a while, and enjoy each other's company immensely.

Mrs. Miriam Johnson of the Greenbelt Cooperator recently entered the RKO Keith's review of the "White Tower" motion picture contest. The judges decided that her review ranked among the 15 reviews that earned for her two complimentary tickets to the theatre.

Porches Preferred

If you would like a porch on your home, don't discard the idea thinking that it isn't "in style." A recent survey of Northeast farm families shows that the old-fashioned spacious veranda or piazza may be gone for good, but many families still want porches.

Ninety-three percent of the folks interviewed wanted at least one porch, and more than half voted for two. These porches, however, are taking on a New Look, being either screened, glassed in, or protected by a combination of both.

THANK YOU NOTE

I wish to thank all of our good friends and neighbors for their kindness and thoughtfulness while I was in the hospital.

No one will ever know how much this meant to me. The beautiful flowers, which I love so much, the lovely cards with the sweet notes in them.

Many thanks to Dr. Eisner for his wonderful care, and thanks to Rev. Braund and Rev. Bonsall for their visits and prayers. Thanks again from the bottom of my heart and may God bless each and every one of you. It makes the world a better place to live in with friends and neighbors like you.

Mrs. Edwin Huffman
& Family

Paper Cups, Match Books To Help Red Feather Campaign

Paper cups and matchbooks with gay Red Feather decorations will soon herald the approaching Community Chest campaign from some 8,100 vending machines, through the volunteer co-operation of seven local members of the National Automatic Merchandising Assn.

General Campaign Chairman Hugh K. Duffield has just been informed by Aaron Goldman, chairman of the local vendors' group, that all their machines in the national capital area will also carry a Red Feather sticker with the message "Many Campaigns In One—Enough For All." Ninety rolls of ninety stickers each have been delivered to the companies at their own expense.

The words "Everybody Benefits—Everybody Gives" are associated with Red Feathers on the cups.

In instances where the vending machines sell other than soft drinks and cigarettes, the operators have agreed to use the stickers.

Similar messages appear on the outside covers of the matches with this statement on the inside: "These matches are made by the book match industry and distributed by the operator of this vending machine as a community service at no cost to our Red Feather Campaign. Give Generously."

The idea had a successful testing in Rochester, N. Y. during the Chest Campaign which is held in the spring. It is being sponsored on the national level by automatic retailers in some 500 other cities where Red Feather campaigns will be held this autumn. They have shown keen interest, according to General Chairman Duffield, in lending the publicity and promotional power of their vending machines to the Community Chest enterprises.

Washington vending machine companies who are pioneering in the project include: Banner Vending Company, Hymen Banner; Candy Man Vending Company, Melvin A. Baum; Canteen Company, F. W. Kampf; District Cigarette Vending Company, Lucas S. Michos; The G. B. Macke Corporation, Aaron Goldman; Spacarb of Washington, Inc., Bayne E. Phipps, and Westway Vending Company, Sidney Lotenberg.

Red Cross Invites Volunteers To Return

Mrs. William Bowie, chairman of volunteer services for the Prince Georges County chapter of the American National Red Cross, today issued an appeal to all former volunteers to return to the chapter as their services are needed during the present emergency. New volunteers are also asked to report.

Mrs. Bowie said that it will be impossible to carry on all the activities unless there are more volunteers. Many of the services have been active and functioning since the war with depleted ranks, mainly in the civilian blood program. Now that the Red Cross must supply blood for the armed forces, it is necessary to step-up this service.

Volunteers are needed for the motor, canteen and staff aide services. The production service can use more volunteers in its sewing room as large quantities of hospital articles must be made. Knitting may be taken home. Groups and individuals are asked to help make surgical dressings. The new chapter house has pleasant rooms for these workers.

"The women of our county have always come forward to help the Red Cross when needed, and we expect to have all the services ready for any emergency within a short time," Mrs. Bowie continued.

Telephone the Red Cross office, WARfield 4400, and let Mrs. Bowie know for what service you wish to volunteer.

The average cow in the United States produced 5,239 pounds of milk during 1949.

HOMEMAKERS CORNER

Good and Good for You

Ice cream is a good food as well as a good dessert, say home economists of the Maryland Extension Service. It offers excellent protein, calcium, and several essential vitamins, particularly riboflavin and Vitamin A. To show just how nutritious ice cream is, the specialists suggest two dishes of plain ice cream as a satisfying "reducing" lunch for a physically active man.

This meal would supply from 200 to 400 calories, depending on flavor (chocolate is calorie-rich, alas!); valuable proteins, minerals and vitamins; sugar which relieves hunger promptly; and milk fat which is digested more slowly, thus furnishing energy gradually for a few hours.

It's a Honey

A hot weather dessert suggested by home economists of the Maryland Extension Service calls for fresh berries and peeled orange sections tossed together with a little honey. Serve icy cold with slices of warm sponge cake on the side.

CLASSIFIED

(Classified rates are three cents per word, fifty cents minimum. Ads should be submitted in writing to THE COOPERATOR, 8 Parkway, not later than the Tuesday night preceding publication.)

WATCHES AND CLOCKS REPAIRED, all work guaranteed. 25 years' experience. Work called for and delivered. F. A. Trudeau, 10-L Plateau Place, Greenbelt 5537.

Auxiliary Makes Hospital Visit

Members of the Greenbelt American Legion Auxiliary were hostesses at the monthly dance for patients at St. Elizabeth's Hospital last Friday evening, August 4. Greenbelt residents who participated in this service were Mildred Comploier, Helen Dudley, Virginia Gray, Al-sace Kenestrick, Mrs. Joseph Long, B. Lee McDonald, and Ada Riley. Cookies and soft drinks were provided by Beatrice Jernberg, Gladys Mulloy, Lois Peterson, and Anne Sommers.

This activity is part of the community service program of the Southern Maryland district, in which an auxiliary unit provides refreshments and assists in the dance program which takes place the first Friday of each month.

Gladstone S. Lewis Jr. Graduates Air Force ROTC

Gladstone S. Lewis, Jr. son of Mr. and Mrs. Gladstone S. Lewis, Sr., 13-M Ridge Road, Greenbelt, Md. graduated August 5 from the Air Force Reserve Officers' Training Corps summer encampment at Chanute Air Force Base, Rantoul, Illinois.

The training just completed was an intensive course in aircraft maintenance engineering, comprising such subjects as aircraft structures, fuel and electrical systems, jets and reciprocating engines, instruments, and technical publications. In addition, the AF ROTC summer camp training included participation in leadership, drill, command, athletics, range firing, and chemical warfare exercises.

The Air Force ROTC training program, conducted in 127 colleges and universities throughout the United States, with approximately 6000 select students enrolled in the program, is a major part of the students' college curriculum. The United States Air Force relies on this program as the principal source of officers for reserve and active duty.

Upon receipt of his baccalaureate degree from University of Maryland, young Lewis will be qualified to accept a commission as second lieutenant in the United States Air Force Reserve.

College Grads: Looking Around For a Co-op Job?

(CNS)—If you're a college student or graduate seeking a job with a cooperative, the North American Student Cooperative League may be able to locate it for you.

Since February, cooperatives around the country have listed job openings for which they are willing to consider campus co-op members. Nearly 200 of these openings are in local co-op management. Forty-one are in field work for co-ops; 93 are in stenographic duties of various kinds; others are in the fields of accounting, auditing, selling, insurance, chemistry, agronomy, journalism, advertising and electrical engineering. Job-seekers should write NASCL at 1614 Kentucky Street, Lawrence, Kansas, for details.

Fox Tales

Baseball: All boys between the ages of 10-13 report in front of Center school. The Recreation department will furnish balls and bat.

Water Show: Don't forget August 27 is the date you've saved to see the colorful Water Show. We have 8 acts which will be a treat to see. Show will start at 4 p.m. on Sunday, August 27.

The softball city play-offs start Friday night, August 11 at 7:30 p.m. with two games each night. . . . Will run every night except Sunday for 12 days. . . . Come and see the best teams in the Metropolitan Area play for the championship.

Swimming Meet: With the cooperation of the Greenbelt Recreation Dept., Prince George's Recreation Dept. will have its swimming meet at the Greenbelt Pool on Monday, August 14, at 10 a.m. to noon. Everyone is invited to see the meet.

The Recreation Dept. wishes to retract the statement made about Boys Club in Fox Tales on July 27, 1950. . . .

Block Basketball: All interested in watching the teen-agers play basketball games, can do so at McDonald Field on Tuesday and Thursday at 7 p.m. and 7:45 p.m. They will play double-headers for the month of August.

Pre-Season Football: Football classes have been held in front of Center school for all boys interested in football. . . . Learn the fundamentals of football so this year you may make one of the teams. The classes are held every Tuesday and Thursday through the month of August.

Insurance Commissioners Against War Clause Now

Chicago (CNS)—A committee of insurance commissioners said here yesterday that life insurance companies and state commissioners did not think the Korean crisis serious enough to force general use of "war risk clauses" in insurance policies. However, it was decided to recommend the use of clauses adjusting benefits in the case of deaths as a result of war. Persons now entering the service can take out national service life insurance as in the past, but some servicemen have sought additional coverage, and have been offered policies with war risk clauses in them.

Life insurance companies conferring here also raised the question of pooling their resources to take care of "catastrophic" risks such as enemy bomb attacks.

FREE MOVIE SERVICE PROVIDED BY CO-OP

Whitewater, Wis. (CNS)—Wednesday is a big night for White-water residents. That's the night, every week, that the Badgerland Cooperative stages free movies on the lot next to its service station and supply dock on U. S. Highway 12.

Cars and bicycles jam the lot as darkness falls, and the co-op's 16-mm projector goes into action with short subjects and full length features. No one pays a cent, though Co-op Manager John Roby testifies that the co-op has received plenty of good will from its service.

The fourth annual Labor Co-op Conference will be held September 9 and 10 at the FDR-CIO Labor Center, Port Huron, Michigan. The UAW, in a notice of this conference to members, said, "With rising prices, the union's co-op program assumes greater importance."

Men . . .

Vacancies now exist in the Greenbelt National Guard. Why risk being sent to an unknown branch of service? Join an organized unit with technical ratings and advancements now open. Be a proud member of one of America's greatest artillery units: Battery A, 224 Field Art. Battalion.

1. Men reaching 17 years of age may enlist with parents consent.
2. Men 18 years or older may enlist without consent.
3. Members who join before their 18½ birthday are not subject to the Federal draft.
4. Those men over 18½ years and therefore subject to Federal draft will be given excellent possibilities for deferment so long as they are members of the Unit.

State of Maryland Military Department states that they will contact the National Director of Selective Service with a view to have the individual deferred by reason of his status in the Maryland National Guard.

Greenbelt National Guard, Battery A is a 105 Howitzer Unit. Drill is currently being held on Tuesday nights, 8 to 10 p.m. Greenbelt Center School. An armory is under construction to be completed in the near future.

For additional recruiting information please contact Lt. D. Butler (Gr 8641) or 1st Sgt. Howey (Gr 9851). Further contact can be made by contacting the Unit Commander at Drill on Tuesday night.

Men's Bowling League To Set Up New Teams "Nine Old Men" Play County Boys Club

The Greenbelt Men's Bowling League will soon be swinging into action on Tuesday nights at the College Park alleys.

Although the date of opening night has not been set, it will be sometime in September. The date will depend on the number of teams participating and just how soon they will be organized and filled with the correct number of bowlers.

At the last meeting, the league was assured of at least sixteen and possibly twenty-four teams. It will be necessary to iron out all the problems of this nature at once, and so a meeting will be held at 8 p.m. next Tuesday, August 15 at the American Legion hall.

All team captains should attend with as many of their team members as possible. Anyone that has not bowled with the league previously and would like to join is cordially invited to attend this meeting. New members can be placed on one of the existing teams or formed into a new team.

Also welcome will be any groups or individuals who had decided to leave the College Park alleys and who have subsequently changed their minds.

Don't forget to make a date for next Tuesday night, August 15, at the American Legion hall. Plenty of free beer for all.

Lions Basketball Team Wants Players

The Greenbelt Lions basketball team will initiate a series of outdoor practices this September. The purpose of these practices is to give all persons interested in trying out for the team a fair opportunity to show their interest. The Lions would also like to have a "feeder" team this fall. The feeder team would play its own schedule and would supply the regular Lions team with new players.

Everyone interested in trying out for either the regular or feeder teams should notify Pete Cookson, Ted Fox, or Bob Linderman before September first.

In a feature game at College Park on Monday, August 14, "Nine Old Men" will play the Prince Georges County Boys' Club senior All-Stars. This game, an extra added attraction of the Boys' Club program, will serve to keep the Seniors in shape for their annual clash with an as yet to-be-announced foe.

The "Nine Old Men" will be comprised of the coaching personnel of the Boys' Club among whom will be some great ball players of the past and present. Gil Carrillo, University Park instructor and a great catcher for the University of Maryland; Ben Goldfaden, Greenbelt instructor and former George Washington U. star; and John Baroni, Landover Hills instructor and University of Maryland letterman, will constitute the strength of the Coaches' Squad. Additional support, which they think will be needed, will come from Coaches "Onion" Redmiles (Bladensburg), "Bumps" Vaughn (Edmonston), "Mouse" Malonee (Lanham), Bill Peters (Beltsville), "Chris" DeFrancisci (Mt. Yainer), Wade Estep (Bowie), and Paul Sloan (Oxon Hill).

The All-Stars among the senior division of the Boys' Club are coaches' selections and form a very strong team which, within their age range, will give any team in the country a very tough game. However, no one will be too serious for this event and a great deal of amusement and recreation will be the order of the day for both teams.

The game will get underway at 6 p.m. sharp, and spectators are welcome.

Co-op Station WCFM Gets Substitute Commentators

Senator Margaret Chase Smith (Republican, Maine), Mrs. India Edwards (vice-chairman and director of the women's division of the Democratic National Committee) and Miss Florence Reynolds (information director of the FAO) will substitute for Mrs. Raymond Clapper as commentators on WCFM, Washington's cooperative radio station, while Mrs. Clapper is on vacation.

Senator Smith gives her commentary on the news today; Mrs. Edwards will appear August 17 and 24; and Miss Reynolds will broadcast on August 31. All of these programs will be from 6:30 to 6:45 p.m. Mrs. Clapper will return as one of WCFM's regular commentators on Thursday evening, September 7.

At the same time WCFM announces that B. S. Bercovici, whose program "Assault and Flattery" has been heard for the past year on Sundays at 7:45 p.m., concluded his series on August 6. Bercovici, a public relations consultant, is moving his offices to New York City.

Bass, Crappie, Carp In Greenbelt Lake

The bass, crappies and carp in Greenbelt Lake have been unusually active during the past several weeks.

The bass fishermen seem to be almost equally divided in their choice of lures and baits. Those who prefer artificial flies and plugs have "stuck by their guns" and have been producing some mighty fine catches. Most of their luck, however, seems to be either in the early morning or late evening hours.

The anglers, who have used minnows, worms, hell-grammites and crawfish, have given good accounting of themselves, and they seem to make their catches from dawn to dark. Three- to five-pound bass, of both large-mouth and smallmouth varieties, are being taken with satisfying regularity.

Close inspection reveals that there are hundreds of large bass, estimated to weigh from three to eight pounds, cruising near the surface of the water.

The lake was recently restocked by the State of Maryland Inland Games and Fisheries Commission through the efforts of the local Isaac Walton League.

Both state and federal fish management authorities have recommended the unlimited catching of crappies and bluegills at the lake. These species are over-abundant and must be reduced in numbers if bass and other fish are to have a sufficient supply of food.

U. S. Unionists Visit British Co-ops

London, England (CNS)—Twelve officials and rank-and-file members of the United Automobile Workers, CIO, guests of the British Amalgamated Engineering Union, recently toured cooperative facilities at London Coop Society, talked with workers and management and generally learn about co-ops. They are also meeting with Labor officials.
